

**The Holy City of God,
The Shrine of
Our Lady of Naju
filled with Grace and Love**

The Sodality of Mary's Ark of Salvation

The Blessed Mother of Naju appeared with weeping Tears on June 30, 1985 through Her statue that belonged to Julia and began giving Messages for the salvation of the world from July 18 in the same year. The Lord showed the Eucharistic Miracles (considered the most sacred miracles in the Catholic Church) thirty-three times in Naju and has performed immeasurable and unprecedented miracles assuring us that all these phenomena have been from Our Lord.

The Blessed Mother said that these Messages of Love from Jesus and Herself are more important even though the miracles and signs are also important. The core of the Messages of combined love of Jesus and the Blessed Mother is the practice of the Five Spiritualities attained through the suffering and love of the Little Soul (Julia).

The Five Spiritualities that let us quickly acquire virtues and advance toward perfection enable sincere repentance, forgiveness and life based on the Gospel that God the Father wants.

“If you do not ignore the Tears and Tears of Blood that I have shed and the unprecedented miracles that my Son Jesus has revealed, accept well the messages of love that my Son Jesus and I have given you, and thus lead a life based on the Gospel teachings, you will surely be saved even if grave disasters continue to occur in the skies, on the ground, and in the seas.” (Message of Love from the Blessed Mother on March 31, 2010)

The Blessed Mother's Tears & Tears of Blood

The Blessed Mother shed thick Tears of Blood on October 19, 1986 and shed Tears and Tears of Blood for a total of 700 days until January 14, 1992 for the conversion of Her children in the world, wishing that not even one among them would be lost. During that time, up to three to four thousand pilgrims per day witnessed the Blessed Mother's weeping.

Aug. 27, 1987

Archbishop Victorinus Gong-Hee Youn, the Ordinary of the Gwangju Archdiocese at that time, said, "I believe in these signs, because there have been so many people who have witnessed the signs. I will consider their fruits from now on."

The miraculous phenomena of Naju witnessed by numerous people including the clergy, religious and lay people are indeed truthful miracles that nobody can deny.

Oct. 14, 1989

The Blessed Mother's Fragrant Oil

The Fragrant Oil that the Blessed Mother has given us by squeezing Her whole body and Her Fragrance of roses are "Gifts from God" that signify "the presence, love, and friendship of the Lord and the Blessed Mother". The Blessed Mother still exudes Fragrant Oil continuously from Her statue in Naju for the salvation of Her children in the world.

Nov. 24, 2008

Eucharistic Miracles

The two Sacred Hosts miraculously descended. The big One at the Chapel (Oct. 24, 2006), and the small One on the Blessed Mother's Mt. (Apr. 16, 2005) & Precious Blood flowed out of It. (May 6, 2005)

The Catholic Church teaches that, "through the consecration by a priest, the host, which is a thin wafer made from wheat, changes into the Eucharist" and that "the Eucharist is truly the living Body of Jesus." To make known that the Eucharist is truly His Body, Jesus Himself performed the miracles of the consecrated hosts that changed into visible Flesh and Blood of Jesus at different places in Church history: in Lancia, Italy and other places. The Church has recognized these as true, supernatural miracles.

Jesus performed Eucharistic Miracles also through Julia Kim for 33 times. The most notable one among them is the Eucharistic Miracle that occurred during the Mass which St. Pope John Paul II celebrated in the Vatican inviting Julia on October 31, 1995. After witnessing the miracle, His Holiness was astonished, blessed Julia, touching her cheek and blessed her family also in Korea.

Precious Blood also flowed out of the Holy Eucharist in Naju on Oct. 16, 2006. Jesus told Julia to present It to the Pope. Pope Benedict XVI who received this Eucharist through Cardinal Ivan Dias on March 11,

Holy Eucharist that Precious Blood flowed out on Oct. 16, 2006

2010 told His Eminence at the beginning of April, **"I am favorable on Naju!"** asking his secretary to preserve It well.

Eucharistic Miracle exhibited in Italy

Korean Bishops visited the Vatican in March 2001 for their Ad Limina visit. Though Pope John Paul II rebuked them asking, "How is the situation in Naju?", none of the bishops could answer.

His Holiness instructed to exhibit the Eucharistic Miracle that he witnessed during

the Mass in the St. Michael's Basilica in Gargano, near the Shrine of St. (Padre) Pio and let a Catholic TV broadcast "the Eucharistic Miracle of Naju" all over Italy on May 19, 2001.

During the Mass (February 28, 2010) celebrated by Archbishop Giovanni Bulaitis, Apostolic Pro-Nuncio to Korea (1991 to 1996) in the Chapel at Casa San Benedetto in the Vatican, the Eucharist that Julia received turned into visible Flesh and Blood of Jesus.

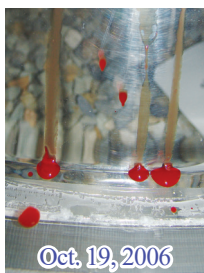

The Precious Blood of Jesus

Since November 9, 2001, Jesus has poured down His Precious Blood on the Blessed Mother's Mountain and Her Chapel numerous times. Samples were collected from these miraculous occurrences, according to the date and sites of miracles. Samples were also collected from His Precious Blood that exuded from the Sacred Host. Its blood type was then tested in the presence of the Bishops and priests. DNA tests on the collected samples were conducted at the official DNA-testing laboratory by the National Police Agency in Korea. The results from the tests showed that all of the twelve samples came from one same male human with Blood Type: AB Rh+. The general API (Average Probability of Identity: the probability that any two people could have exactly the same DNA profile) is less than one out of ten billions.

The Naju Water of Grace

Jesus gave us a Spring of Grace at the Blessed Mother's Mountain in Naju through the Blessed Mother after seeing Julia's altruistic love and sacrifices on August 27, 1992.

According to the Word of Jesus, **"I will invigorate your souls and bodies that have become arid. Therefore, do not have fear, but gather here all together and drink this water and wash yourselves with it."** Countless pilgrims have been healed of their illnesses, sometimes even incurable ones with the Water of Grace. Also, a child who was declared dead from two hospitals was restored to life through this Miraculous Water. What an amazing miracle of love!

Colorful Fragrant Oil floating on the Miraculous Water poured into the jar for pilgrims' drinking

The Miraculous Water changed into Mother's Milk

Golden color Fragrant Oil floating on the Miraculous Water

The Miraculous Water moving as if it was alive

Who is Julia Kim?

Julia, Youn Hong-Sun (born on March 3, 1947), who is widely known abroad as Julia Kim is an ordinary housewife with two sons and two daughters with Julio, Kim Manbok, her husband. It was the summer of 1980, when Julia who was a protestant at the time converted to Catholicism when

she was on the brink of death due to complications affected by cancer. As she was preparing her death, she visited the Naju parish church by God's calling. When she responded with "Amen" to the Word of the Lord, "Remain close to the Bible. The Bible is my living words," she was healed of her fatal disease.

Later in 1995, on the occasion of her apostolate for the Blessed Mother, she established the House of Love, a free nursing home for the elderly who were ignored by their children or were not able to be provided social welfare because they had children who were supposed to take care of them. She devoted herself entirely to these elderly people until their funeral, on behalf of their own children.

God chose Julia who has lived her life with love and sacrifice, wishing the peace of neighbors regardless of her own difficulties as a little soul who helps the Blessed Mother for the salvation of mankind. Nevertheless, Julia lowers herself, saying, "I am just a sinner who have nothing to offer to God except my shamefulness."

Thus God the Father shows His infinite trust to her saying on April 18, 2014; **"You always lower yourself saying that you are unworthy and trivial. You bear resemblance to Mary, whom you call 'Mommy', in your humility that does not boast to anyone about the virtues that you have attained."**

from Julia's body

*The Blessed Mother's
Milk sent down on
Julia's clothes
(Jan. 17, 2009) ►*

Julia's suffering

*Pains of the
crown of thorns*

Julia asked for the pains of the cross for the conversion of sinners during Lent in 1982, confessing,

“Lord! Even if I groan over this lowliest body of mine continuously suffering illnesses and pains, how happy I will be only if my suffering can be even a tiniest help to the Lord's Work of Salvation! Lord, allow me to share Thy suffering. Amen!”

and has willingly participated in the suffering of the Lord and the Blessed Mother until now.

Pains of scourging

▲ Stigmata

Pains of crucifixion

When she received the pains of scourging the moment the Roman soldier whipped Our Lord mercilessly, she also bled with the scourging marks on her body. When she received the pains of being nailed to the cross, Stigmata appeared on her hands, feet and her side.

*Stigmata on
Julia's hands
and feet*

*Pains of
reparation for
sins of abortion*

*Pains of reparation
for judging and
slandering others*

Julia's suffering has become more extreme as years go by. When she receives the pains of reparation for the sins of abortion committed by others, she receives the pains of the unborn baby aborted with accompanying pains of morning sickness and delivery instead of the mother who aborted the unborn child, not completing her term of pregnancy. And she offers up the pains of burning her tongue in the fire of reparation for the sins of judging and slandering others, and the pains

*Pains of reparation
for sacrilegious
communion*

Devils' attack

*Pains of
reparation for the
sins of obscenity*

of canker sores, paralysis and suffering crookedness in her mouth. These are the pains of reparation for the conversion and salvation of numerous people who commit the sins with their tongues.

Sufferings treated here are just a little part of the pains of reparation that Julia received. All the pains she suffers, such pains of martyrs who were beheaded, pains in the fire of purgatory or hell, bring her actual physical pain experience. And she is attacked frequently and violently by devils who extremely hate the conversion of people by receiving graces from God. Numerous people have been receiving the graces of conversion and healing through her countless suffering.

Test of Julia's brain waves (January 7, 2002)

Dr. Ricardo said it is possible to determine, through the examination of brain waves, whether the messages and visions are

coming from a supernatural source or from some cerebral disease or mental illness. He said there are four kinds of brain waves. Delta waves appear during ecstasies or unconsciousness like coma that also happens to newly born babies. It is impossible for a fully conscious human being to emit delta brain waves on electroencephalography(EEG).

Dr. Ricardo said, "Normally, brain wave tests are conducted in a quiet room." For this test, they visited the Gwangju general hospital where a lot of doctors, nurses and patients were making much noise and distraction. Two or three delta waves appeared clearly from Julia despite the distracting surroundings.

Dr. Ricardo said that it was impossible to explain this phenomenon medically and scientifically. Because a messenger in other apparition site that is already recognized by the Church, where delta waves did not appear, but only after that person received Holy communion it appeared, while in Julia's case, three delta waves appeared up despite the distracting surroundings.

Dr. Ricardo who conducted the test rejoiced in excitement saying, "**Now nobody in the world can say that Julia Kim is a mentally-disordered person.**" and one priest who was surprised with this proclamation asked,

"The brain waves of Jesus and the Blessed Mother were also detected as well at the same time?"

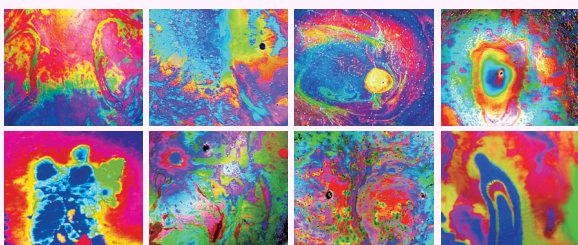

ANOTHER SPECIAL SIGN FROM THE LORD

The visible supernatural phenomena given to Julia

Even while Julia was suffering the pains in reparation for sinners and went through near-death, she graciously offered up her pains to the Lord saying:

“Lord, I am Yours, if I die. I am Yours, if I live. Your Will be done.”

With His deep appreciation seeing her sacrifices, Our Lord granted her a new sign in the form of special visible phenomena from her body on October 7, 2000, First Saturday.

“Daughter! My beloved, lovely daughter! Did you see the Lord’s beautiful rays of light? As there is nothing that the Lord, your Redeemer, cannot do, He gave such beautiful color to you.

It was a sign of a very special love that indicates that your Lord and this mother, who will keep you up as a person who never gives up integrity despite difficulties, are dwelling, working and uniting (with you) within you.

Therefore, do not worry about anything but display the power of love more diligently and offer up loyalty in heroic ways.”

(Message of Love from the Blessed Mother on January 1, 2002, Solemnity of Blessed Virgin Mary, Mother of God)

The **Five** Spiritualities

fulfilled through Julia's life prepared by the Lord

♡ Turning our daily lives into Prayers

♡ SEMCHIGO

♡ Life of Offering up

♡ Amen

♡ It was My Fault

The Five Spiritualities were attained through Julia's life filled with love toward the Lord and neighbors and humility by the guidance of Our Lord and the Blessed Mother.

Julia turns her every moment of her daily lives into prayers, not ignoring even the most trivial and unimportant-looking matter, conforming it to God's Will. (Turning our daily lives into Prayers)

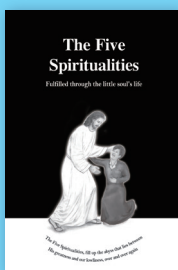

She does the things she doesn't want to do as if she was doing the things she wants (SEMCHIGO) to practice love and sacrifices for neighbors.

She makes a new start despite any tribulations and sufferings by living a life of offerings. If we transform all our joys, sorrows and difficulties into gracious prayers of gratitude and offer up to the Lord, we will lead a life of true love. (Life of Offering up)

She responds with Amen joyfully with a childlike faith. (Amen : Be it done to me according to Thy word)

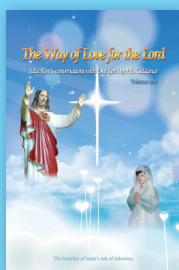

She takes all the blame on herself. If we practice this by blaming ourselves only, the devils of division will give up and run away. (It was My Fault)

The people who love the Blessed Mother of Naju follow the Five Spiritualities and advancing towards perfection, acquiring virtues to follow the will of Our Lord and the Blessed Mother.

The Way of Love ▶
for the Lord
(Julia's conversations with Jesus)

Messages of Love

*The books of Messages of Love
translated into many languages*

Jesus and the Blessed Mother have been continuously giving us their Messages through Julia since July 18, 1985 for conversion of sinners in this world. God the Father even revived Julia nine times when she stopped breathing and her soul was taken up to Heaven. It's because He wanted Julia to come back on earth to continue spreading His Messages to save sinners from a disordered world.

Messages of Love from Jesus and the Blessed Mother of Naju have been translated into 13 languages including English, French, Spanish, Japanese, Chinese, Italian, etc. and spread widely. Many people have amended their lives through the practice of the Messages.

“As my messages are based on love, if anyone repents and puts them into practice, mercy and love will overflow in his soul and he will inherit eternal happiness in Heaven on the last day.”(Message of Love from the Blessed Mother on Oct. 17, 2006)

“If Naju is approved and all of the clergy and children in the world accept and practice the messages of love that have been given through my little soul, the cup of God’s wrath will cease, the new day will break, and the Lord’s Kingdom will come” (Message of Love from Jesus on Mar. 10, 2011)

“The prayers of life that are offered up with utmost devotion and with the perfect arming with the Five Spiritualities are the most sublime prayers that fill and fill again the abyss between My Greatness and your triviality that enable one to go to Heaven as a humble soul.” (Message of Love from God the Father on April 18, 2014)

Fruits of Love from the Blessed Mother

✝ It is more meaningful than any other's speeches of a hundred, or a thousand words

I think it is more important to testify to what Julia has experienced than any other homilies.

Because her bleeding pain filled with love that she showed us by participating in Jesus' Pain is much more meaningful and precious than any other's splendid speeches of a hundred, or a thousand words.

Before I was against Naju because of the assertive anti-Naju sentiments I heard from the Gwangju Archdiocese. But now I could feel the presence of the Lord and the Blessed Mother here in Naju, and I am so happy with my priesthood.

(Bishop Francis Xavier Sudartana Hadisumarta, OCM, on April 4, 2010, Easter Vigil Mass)

✝ Miracles of Naju and Julia's testimony were very inspiring and sourceful for spiritual growth

My first discovery of the geographical setting in Naju was very inspirational. The way of the Cross was the most profound and prayerful to me. The meditations on the way of the Cross and my personal journey of carrying the Cross was a very moving and deeply spiritual experience.

Personally bearing the Blessed Sacrament during the Eucharistic Procession was also very profound of the closeness of Jesus in our lives.

The prayerful pilgrims were very inspiring in their prayers and sacrifices. I could witness the one, Holy Catholic and apostolic Church of Jesus Christ through the universal unity of the pilgrims.

The miracles of Our Lady of Naju and personal testimony of Julia Kim were very inspiring and sourceful for spiritual growth. AMEN, AMEN, AMEN.

(Bishop J. Aug. 29, 2015, on the 30th Anniversary of the Blessed Mother's weeping Tears)

✝ My parents already completed the preparation for my funeral

My doctor said that my kidneys were completely ruptured and no miracle would ever be able to heal me. That was because my heart was only 10% functioning. Even though most fluid was removed from my lungs, there was still a presence of 3 liters of fluid remaining inside that made me unable to breathe properly despite with the aid of an oxygen mask.

Doctors anticipated my death in 3 days and they told my family not to be hopeful of any chance of recovery. So my parents prepared for my funeral.

When I died on the First Saturday of July, 2011, Julia Kim blew her breath into me. As soon as she did that, I could feel spiritual respiratory in my soul, but not physical breathing, and there was even an intense rose fragrance from her breath. Then all my dead cells came back to life.

Our Lord gave me back my life through the indomitable prayers of Julia Kim. My doctor who was an atheist told me privately, "I am a natural atheist. But as I see what happened to you, I feel that God exists." (Jacob Yoo on March 4, 2017)

✝ My left leg with an abnormal growth became balanced like the other leg

When I was 5 years old, my right leg was broken into 3 pieces. My left leg grew slower than the other. 10 years later, it was 3cm shorter than the other leg, and it made left my shoulder slanted lower because of that. My character also be

came rebellious. When I met Julia Kim and she prayed over me, the pulse on my knee started beating strongly for ten minutes.

Then my left short leg became even with my right one. At the same time, my distorted back was healed completely of backache, including my darkened heart. Taking an X-ray for my leg, it showed both my legs are of equal length.

(Dea-geon Andrew Kim, Han-gil on Oct. 22, 2017)

✝ Healed of colon cancer by Julia's prayers

In June 2007, I was diagnosed with a 3cm diameter malignant tumor in my colon, all the doctors said that I could not have further operation because they had already operated on my stomach six times. I therefore wrote a farewell letter to all my relatives

and all of a sudden I remembered Naju and went there for healing.

In Naju, I had a private meeting with Mama Julia and I explained to her about my illness and she simply asked me to show her my abdomen scar and she kissed it three times. I had faith that I would be healed. Suddenly I felt my stomach was stinging as if cut by a cold knife. My friend said, "This is the healing process. Praise to God!" I couldn't stop crying in front of the statue of the Blessed Mother of Naju.

The next morning, I felt very fresh like a new born baby with new body and stamina. Amen! I touched my stomach and was surprised to find the tumor disappeared.

When I returned to Semarang, Indonesia, I had another medical checkup at the laboratory where I was examined before and the result was a perfect healing!!! Amen! I was very happy. The Lord gave me a new life.

(Anne Paula Marianne on Aug. 29, 2015)

✝ The Miracle of fractured spine being re-connected

I had a major car accident and a near-death experience. When my father, who is a medical doctor (M.D.), and his other colleagues looked at my X-ray and MRI pictures, they said the pictures showed I had multiple compression fractures in my spine on T2, T3, T4, T5, T7 and that I will be paralyzed permanently.

Since then, my mother sprinkled daily the Holy Water of Naju on my back and Mama Julia also offered a sincere prayer through the phone.

To my surprise, all the horrible pains that kept me up all night were completely gone. My spine was reconnected and my back was completely healed and I became normal within one month. Amen!

(Johanna Gwon on Aug. 29, 2015)

The Doctor's comment: For compression fractures (T2,3,4,5,7) on spine will take at least 6 months to recover with severe pains, however, in her case, it became normal within one month.

I have no further recourse but to say that this is a miracle which cannot be explained with any medical science.

✝ Indeed, it was a miracle that medical science can assure it!

I was previously hit by a 2-ton truck. My body was sprung out breaking my face. My body worsened when the truck reversed over my left feet, smashing it.

A medical doctor who attended to me said, "Her ankle got slanted in a 90 degree turn, her bones were smashed, and her ankle's artery was cut; so surgery would be useless. She might even die, as there is no avail-

able remedy. As her ankle muscles are turning necrotic, it is needed to be cut off her ankle and she could even become 90% handicapped.”

However, through the prayers of Julia Kim and applying Naju Miraculous Water three times, my smashed bones were restored to normal and new flesh also grew in my wounds. The medical professor, who is a person full of pride even admitted that my full recovery was a miracle.

(Gracia Kim on March 4, 2017)

✝ My son's mental disease was healed by Miraculous Water of Naju

I'm Catherine Goh from Suwon diocese. I will share with you this story about my second son who was in such a bad condition that he could only eat and lie in bed all day. People told me to send him to a mental hospital. I cried a lot because there seemed to be no cure for him. Finally, I brought him to Our Blessed Mother of Naju.

When my son drank the Miraculous Water, he was instantly cured and said: “Mother, I feel like my indigestion is cured after drinking this water.” And my son was able to go to work.

One day, my husband heard something negative about Naju and didn't let him go to Naju. Since he didn't go to Naju, he lay in his room again and his belly began to swell.

When I told him to go to work, he said, “Mother, don't ask me to work. I will gnaw you off until you die and on the next day of your dying, I will follow you.” My husband implored my son to go to Naju again, so he began his pilgrimage again.

My son, who had cursed habitually, began to work really hard and earned a lot of money every day and now he even hired employees as he does good business.

(Catherine Goh on Aug. 4, 2007)

The Blessed Mother's Mountain

(Please refer to p.30 the aerial view of the Blessed Mother's Mountain)

✝ Introduction to the Blessed Mother's Mountain

The Blessed Mother prepared the Miraculous Spring at the Blessed Mother's Mountain through Julia Kim on August 27, 1992. The Mountain was constructed with this "Miraculous Spring Water" as the central feature. The Lord and the Blessed Mother manifest Their presence and love by performing numerous miracles of love here.

When the landscaping of the Blessed Mother's Mountain was about to start, a stream of light descended from the sky like a flash and the Blessed Mother inspired Julia on the layout of the Mountain. Finally, it was completed according to the will of the Blessed Mother through Julia.

✝ Jesus in Gethsemane

The aerial view **3**

This Garden of Gethsemane which replicates the situation when Jesus journeyed and prayed shedding bloody sweat in agony was constructed here,

according to the wish of Julia Kim so that pilgrims can pray and meditate on the Sorrows He felt because of His disciples' desertion and all kinds of His pains due to the sins of His children violating His Sacred Dignity even now, two thousand years afterwards.

Adoration Chapel of Our Lord's Precious Blood

The aerial view **4**

The Adoration Chapel is the place where the Eucharist Julia received changed into visible Flesh and Blood in the shape of a heart during each of the two Masses when Bishop Dominic Su from Malaysia celebrated on August 24, 1995 and Bishop Roman Danylak from Canada celebrated on Sep. 22, 1995.

Jesus opened His Heart and poured out His Blood and Water, holding back nothing, twice on June 11, 2002 and August 15, 2002. The Precious Blood descended on August 15, 2002 showed His live Blood is remaining liquefied for 140 days until Jan. 1, 2003.

The rocks that were stained with His Precious Blood were put into the monstrance. These have been preserved in this Adoration Chapel where Our Lord and the Blessed Mother have shown Their immeasurable love of the Sacred Heart of Jesus and the Immaculate Heart of Mary, including the Blessed Mother's Milk, Fragrant Oil and the Water of Mercy of the Blessed Mother as well until now.

**“The precious blood
that poured out of the wounds
in my sacred heart, which I just showed
you, is a sign of my boundless mercy and
profound love and friendship for all the
children in the world as well as
of my presence.”**

(Message of Love from Jesus on August 15, 2002)

The Stations of the Cross

The aerial view  7

In the spring of 2001, Julia started to pray the Stations of the Cross for the sanctification of clergy, and the conversion of people of the world from 6 to 9 a.m.

since 4th of July. Those 3 hours were considered taking a mere portion of the victim souls' sleep in a day, but she offered them up to the Lord to pray the Stations of the Cross every day for one year.

Seeing this Little Soul's (Julia) love and sacrifice, Jesus shed Precious Blood and Tears of Blood on the Stations of the Cross for the first time on Nov. 9, 2001. Since then, Jesus has shed His Precious Blood until now consistently. When we do the Stations of the Cross, Jesus, the Blessed Mother, Martyrs, Saints and Angels pray together.

“The Lord has promised that, when you offer up the prayers of the Stations of the Cross with your hearts widely open and deeply meditating on the Lord’s sufferings on the Way of the Cross (on the Blessed Mother’s Mountain) where the Lord and I personally walk bleeding with you, He will bathe your souls and bodies, making them clean with the Blood of the Covenant He shed, and give you plenary indulgence.

Therefore, I want all of you to gather there and pray frequently.” (Message of Love from the Blessed Mother on Jan. 29, 2006)

The Statue of Resurrected Jesus

The aerial view  8

Jesus who accompanied Julia on the way of the cross showed her that He passed the 14th station and walked into His statue of the resurrection at the 15th station. Julia and many pilgrims wit-

nessed that the statue of the resurrected Jesus turned into live Jesus and winked and blessed with raising His Hands.

Mountain Calvary

The aerial view [9](#)

This is the place that represents the passion and death of Jesus Christ on the cross two thousand years ago. When Julia

Kim prayed the Stations of the Cross everyday for the conversion of clergy and for their sanctification after the Declaration of the Archdiocese of Gwangju was issued, for which she was not able to attend mass, thus she celebrated only Liturgy of the Word at home.

However Our Lord of the Cross on this Calvary Hill personally sent down His Holy Eucharist onto Julia's tongue through two instances of Eucharistic Miracles. This indicates that Our Lord testified to the truthfulness of His Works in Naju. Our Lord and the Blessed Mother have shown us numerous Signs on Mt. Calvary - The miracle of the Precious Blood that flowed down when Julia touched Jesus' feet, the miracle that Jesus swayed His Cross himself. And He shed Sweat, Tears and Fluid for over 10 years. The Blessed Mother's exuding Fragrant Oil through Her statue and St. John's exuding fluid through the sleeve of his statue.

The Water of Grace

The aerial view [10](#)

On August 27, 1992 Julia saw a vision of the Blessed Mother climbing up a steep mountain, carrying several large bundles of soiled clothes and linens, one on her head, two in her hands, with more in front of her feet. (The place on the mountain where the

statue of the Blessed Mother stands). When Julia dug the ground with her bare hands, Water of Graces gushed out seven times.

<Julia Kim's words about the Miraculous Water>

“On April 18, 2014, I was taken to Heaven. An angel brought me to the place where the Water of Life was flowing down. When I drank the Water the angel gave me, it tasted exactly the same as the Water of Graces in Naju that the Blessed Mother gave us.”

(The 30th Anniversary of the Blessed Mother's weeping Tears in 2015)

The Origin of the
Miraculous Spring

When Julia went on a pilgrimage to Europe including Lourdes at the end of 1988, she brought back with her 40kgs of miraculous water from Lourdes and carried it with her even when taking the bus and train during the entire journey of 20 days. However, she offered up graciously all her laborious sacrifices with love for the pilgrims in Naju as she thought of sharing the water of Lourdes with them.

In January 1990, Julia's 5th vertebrae collapsed with lumbar disc, and she heard that Bishop Daniel Chi wanted some good water. So she went to Mt. Bi-seul in Daegu, a well-known place where water rich in minerals are found. She climbed the steep-rugged mountain tugging with her 5 gallon-tub, tumbling on occasions but offering up joyfully her difficulties. Then she filled the tub with the mineral water.

When she reached the foot of the mountain, she fell down suddenly as if she had tripped on a rock. Subsequently, the container broke into many pieces, and the water spilled all over her and onto the road. She nearly froze on impact. But still, she did not give up, and she climbed the mountain again and brought the water down, and gave it to the Bishop.

After seeing her unconditional love and sacrific-

es, Jesus said with His promise,

“In the not-too distant future, I will give you a Miraculous Spring, which will be overflowing with love and graces and through which souls and bodies can be healed.”

✝ Vinyl-tented Chapel

The aerial view **12**

The vinyl-tented Chapel was prepared so that many local and foreign pilgrims visiting the Blessed Mother's Mountain may pray together. It's a sacred temple where the Lord and the Blessed have granted numerous Signs - Descent of the Eucharist, Precious Blood, Mother's Milk, Fragrant Oil, etc. revealing Their presence. Though it looks humble, you will receive great love and graces if you pay your utmost honor with grateful hearts in this place.

✝ The Bathhouse of our souls

The place constructed according to the Blessed Mother's Message,

“As I do not want even a single soul to be condemned and go to hell, I will let even the wickedest sinners come to the Spring of Mary's Ark of Salvation and drink the water, dip themselves in the water, and wash themselves with it repenting their sins. Thus, I will heal their sick souls and bodies.”

Many people have come to this place and have been healed by washing themselves with it.

Immaculata from Virginia, USA who suffered with aches and pains all over her body visited Naju in July, 2007. She broke her wrist, had pains in her stomach and etc. In short, she was wracked with multiple ailments. A big malignant tumor occurred in her blocked pituitary

gland that suppose to make various important hormones.

It couldn't be operated in hospital, so her family was in mourning. But after she kept praying in front of the Blessed Mother on the 1st Sat, Holy Hour Prayer and the 3rd Thursday Holy Hour Prayer meetings in July and August and took shower with the Miraculous Water at the Blessed Mother's Mountain, she got healed of all her illnesses.

✝ The Blessed Mother's Chapel

The Sacred Place where the Lord and the Blessed Mother have been present and have been performing the unprecedented miracles of love for over 33 years, such as the Eucharistic Miracles, the Miracles of Precious Blood, Fragrant Oil and Milk of the Blessed Mother and Water of Mercy, etc.

✝ The Bench that Jesus used to sit on

This bench, named 'The Bench of Jesus' takes its origin from the time when Jesus appeared as a crippled beggar (named Francesco, who was 33 years old at that time) to Julia Kim around 3 p.m. on June 15, 1990.

He shared many pleasant times through His love, with her on this bench during His stay at the Blessed Mother's House. It is the very place where He used to sit.
