

The Guideline for Pilgrimages to Naju, Holy Shrine

this is my bosom of love, greater than universe”

What has been happening in Naju?

Naju is a small city of 100,000 people, located near the southwestern tip of the Korean peninsula. For the past 30 years since 1985, Mrs. Julia Kim, a housewife with four children in Najū, has received Messages from Our Lord and Our Lady for the conversion of the whole human race and suffered enormously for the conversion of sinners (cf. Luke 9:23 and Colossians 1:24). There also have been numerous important miracles such as Tears, Tears of Blood, and Fragrant Oil from the Blessed Mother's statue; miraculous changes of the Eucharistic species into visible Flesh and Blood; miraculous descents of the Eucharist and the Precious Blood of Our Lord; and numerous spiritual and physical healings. Hundreds of thousands of pilgrims have visited Najū. There has no other place where all these signs occurred at one same location or through one same person. It seems that a new era for the glory of God, which began in Guadalupe, Mexico in 1531, is approaching its climatic conclusion through Najū. By pilgrimage to Najū, we can become more deeply aware of God's boundless love and mercy for us and His ardent will to save us despite our unworthiness.

Stigmata

Julia Kim chosen by the Lord and the Blessed Mother

Julia Kim has been participating in the sufferings of Jesus for the purpose of our salvation. When she suffers the pains in reparation for the sins of abortions, her belly becomes larger and her weight increases by 7-8 kg. When the Roman soldiers scourge Jesus mercilessly, Julia's whole body also becomes covered with the wounds and bleeding from the scourging.

When she suffers the pains of the Crucifixion, the Stigmata of Five Wounds appear on her hands, feet, and side. It can be said that all these amazing miracles in Naju come from the mercy of God Who has pity on Julia's unconditional sacrifices and love.
