

Mama Julia's 2021 New Year Greeting

Praise Jesus, Praise the Blessed Mother!

Dear beloved domestic and foreign pilgrims whom I love so dearly and miss so much! I can still speak to you through this video. All of us had a challenging time in 2020 due to COVID-19, and I believe many of you have offered up all your difficulties indeed and practicing the Five Spiritualities most graciously during the period.

Many of our pilgrims participated in our masses streamed online via YouTube, and practicing the Five Spiritualities especially Semchigo fervently as if they really received the Holy Eucharist while praying the Spiritual Holy Communion. But I know some pilgrims are complaining, saying that they can practice the Five Spiritualities only when they were able to receive holy eucharist physically. I believe their complaints were due to their lack of understanding and ignorance of our actual situation. Our city hall and the government village office were checking on us frequently to assess if we have held any mass gatherings since we were not allow to open our chapel to the public. We also are very sorry about this and are deeply concerned about the matter. Nevertheless, let me emphasize that it is incorrect to think that a person can practice the Five Spiritualities only when they receive holy eucharist physically.

As for me, I couldn't attend masses physically in person for almost seven years now while living in seclusion within a small attic in obedience the order of the Archbishop of Gwangju. However, I am practicing Semchigo all the times as if I am actually attending the Masses, listen to the Liturgy of the Word within my home and to receive every spiritual communion wholeheartedly.

Whenever I do that, Jesus would descend on the holy eucharist spiritually, and He would show and assure that He is present with me. On January 1, 2002, the Precious Blood from the feet of Jesus on Mt. Calvary was transformed into Holy Eucharist penetrating the mask I was wearing and landing on my tongue. Just a few days later, on January 6, when I was doing the Liturgy of the Word in my home while meditating the precious love of Jesus who humbled Himself, though He is God, lying down in the manger in a stable, not in a golden throne, Jesus said to me :

"My beloved little soul! Because you turn to Me and rely on Me completely through My Mother with total trust in Me, you do not complain while participating in the Liturgy of the Word but find joy in doing it. I dwell in your such beautiful heart, well adorned with your unconditional love and total faith.

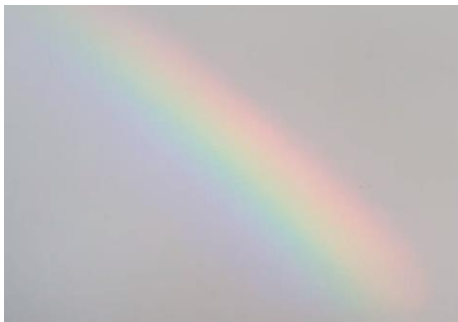

I will always be with you (plural) in order to unite My Love your to fervent love for Me, and for which you have joyfully sung the Paschal Mystery of the Last Supper with your heart in total union with Mine while doing the Liturgy of the Word."

If you receive Jesus spiritually with your whole heart, Jesus is truly with you. With this faith, amidst the Pandemic, I attend Mass through YouTube in the midst of suffering and receive Jesus with the Spiritual Holy Communion.

I really wanted to go to the Blessed Mother's Mountain but failed to go there as I am in pain, so I am looking at Jesus on Mt. Calvary on the Blessed Mother's Mountain through the monitor, praying and touching the feet of Jesus on the monitor.

Then the Lord showed me the rainbow on Mt. Calvary on the monitor every day. And now, He granted the rainbow in my room as well. He showed me various scenes while I was looking at the Light of Mercy and the rainbow on Mt. Calvary. When they disappeared, He showed me the rainbow in my room. Actually, my room has no sunlight and I don't use the humidifier, no moisture. but the rainbow appeared in my room. It was so amazing and I felt comforted.

When Fr. Su saw the rainbow, he said that this is the sign that Jesus is with me. As I was told the rainbow is the sign of promise that Jesus and the Blessed Mother are with me, my heart is filled with joy despite my severe suffering these days. This sign is not just given to me. It is for all of you who are suffering from COVID-19. Be sure of it and believe in it then the grace is yours.

I really wanted to go to the Blessed Mother's Mountain. I couldn't delay it anymore, so I took the narcotic analgesic to get up and walk to the Mt. Calvary on the Blessed Mother's Mountain and earnestly asked the Lord, "Jesus, now our pilgrims really wish to come to the Shrine of Our Lady of Naju, but they can't. Lord, Jesus, please visit each one of them personally and please show them the signs that you are with them..."

Then I visited the Statue of the Blessed Mother over the Miraculous Spring and went down to the Adoration Chapel where Our Lord's Precious Blood is preserved and prayed "Jesus, Mother Mary! Your children really want to come here but they can't because of COVID-19. As you performed the

Miracle before that the Precious Blood was transformed to Eucharist and came into my mouth by penetrating the mask I was wearing, please grant the same grace to our pilgrims... please grant them the rain of the Precious Blood and feed them with Mother's Milk and let them receive Holy Eucharist spiritually..." I prayed for our pilgrims and sprinkled Holy Water, praying to deliver the devils from our pilgrims...

Then Mother's Milk came down on the wall of the Adoration Chapel profusely. If you open your heart wide and believe it. It will be realized to you as I prayed!

If you hurt the Heart of Jesus and the Blessed Mother with your words or actions, without offering up (your difficulties or pains) well, then let us be awake and make a new start with practicing the Five Spiritualities.

Please be aware that evils are hidden even though they look pure and innocent. Let us discern them well and drive out curiosity from us.

In these challenging times even in tribulations, poverty and adversities, let us totally entrust everything to the Lord and the Blessed Mother and be more united with one heart by practicing the Five Spiritualities.

I will do my best to be healthy so I can always be with you. I love you all so much. I love you with my whole life. Thank you.
